BOARD OF SUPERVISORS .- The Board of Supervisors met in regular session yesterday. Absent, Bailey. A communication from the District Attorney was received and ordered on file. The matter of purchasing a new furnace for the County Jail was referred to of the Board in January of each year. Rule 2 provides for committees as now constituted. Rule 3. "No account must be necessarily passed on by the Board unless made out as prescribed in Section 4072 of the Political Code, and filed with the Clerk at least one day prior to the session at which it is asked to be neard." Rule 4 provides for the reading of the claims before the Board, so doing, unless authorized by the Board. Rule 6 provides that all contested matters before the Board shall be heard on the second day of the regular term, unless otherwise specially ordered. Rule 7 adopts Cushing's Manual for the government of the Board in all cases not otherwise provided for. Rule 8 provides that the regular hour for meeting shall be 10 A. M. Rule 9 prescribes the regular order of business, which is the same as previously in force. The Board then took a recess until 10 A. M. to-day.

Supervisors, - Yesterday District Attor-Supervisors. — Yesterday District Attorney Carey filed his opinion in regard to the legality of the organization of the present Board of Supervisors. The organization was Board of Supervisors. The organization was effected at a meeting held on January 8.h.

The District Attorney says: "The regular meetings of your honorable body, as provided by law, are to be held on the first and last Moudays of each month. (Section I, statutes 1871-2, page 216.) Special meetings of the meetings of the meetings of the Board may be held by order of the majority of the Board as the business of the county requires. But no business can be transacted at such special meeting not specified in the order taken up later in the day, ceneiderable dis-cussion was had over Rule 1, which provided that the Chairman should serve for six months. It was finally amended so as to make the form one year. The election of a s then postponed until Super-balley was present. The vote by which

METROPOLITAN THEATER,-The Mrs. F. M. Bates company presented last evening, according to announcement, Howard Russel Johnson's comedy "Intercepted," to a light audience. The play is new to the Sacramento public, last evening being the first occasion of its presentation in this city. The plot is the old one of a groundless jealousy on the part of a young wife, brought about by a letter dropped by a drunken servant and found by the wife, who sees in its contents a betrayal of her trust and confidence. In the deno ment it is revealed that the miscarried epistle was nothing more than a business appointment. The comedy is little more than an afterpiece, and possesses no quality entitling it to a place as a leading play in the repertoire of a legitimate theatrical company. The idea of the piece is by no means new, having of a legitimate theatrical company. Wherein the resources could be shown in a much larger sphere. The present building has proven wholly inadequate to accommodate the vast throng of exhibitors that apply cach year for admission. It is contemplated to establish a permanent exhibition of California's products, wherein could be placed for exhibition: First, the agricultural department—specimens of seeds, native woods, and other interesting natural products; second, a geological department; third, a mineralogical department; fourth, a zoological department; fifth, a department for actiquities. This exhibition to be open to all tourists and those interested in the products of our State. Such a plan is feasible, and can with little aid be accomplished.

The Society being under the supervision of the State, the Board have thought proper to advise the location of a ruilding to be known as the State In dustrial Exhibition Pavilion, upon the grounds of the State located directly east of the Capitol. At a conference held with the Sacramento Board of Trade, it was agreed that the city and county of Sacramento should present the State with the sum of \$40,000 to aid in the erection of said building, provide the State that a new building should be erected. REMARKABLE

Letter from a Traveler. Letter from a 17aVeler.

Kansas City, Mo., Sept. 20, 1882.
I think it a duty I owe to humanity to say what your remeay has done for me. One year ago I contracted a bad case of blood disease, and not knowing the result of such troubles, I allowed it to run on for some time, but finally applied to the best physician in this city, who treated me for six months. In that time I took over 600 pills of protoiodide of mercury, I grain each, and had run down in weight from 210 to 157 pounds, and was confined to my bed with Mercurial Rheumatism, scarcely able to turn myself in bed. Being a traveling man, some of the fraternity found me in this deplorable condition, and recommended me to try your specific,

several cured by its use. I commenced the use of it with very little faith, and in less than three weeks was able to take my place on the road. The sores and copper colored spots gradually disappeared, and ts-day I have not a sore or spot on my person, and my weight is 217 pounds, being more than it ever was. I do net wish you to publish my name, but you may show this letter to any who doubt the merit of S. S. S., for I know it is a sure cure. Yours truly, J. H. B.

MIDDLE-AGED MEN.

There are many at the age of thirty to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting ourning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and sometimes small perticles of albumen will appear, or the color will be of a thin mikish bue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignerant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.
